Dear Dr Uwuseba

Mr Shantanu Panigrahi
NHS Number 628 477 1487 Date of Birth 8 Aug 1957
Primary Address: 3 Hoath Lane, Gillingham, Kent ME8 0SL

Medical Review @ Britton house on the 17th of April, 2025.

It was nice seeing Mr Panigrahi in company of his wife in my clinic today as scheduled. He reported doing reasonably alright in his mental state – ‘I am very much mellowed’. He is eating well and sleeping pattern remains variable. He takes his medications and believes that they are helping to keep him well. He has not reported any serious side effect and is willing to continue with current regimen. He has quit smoking and appears to be less anxious. He also reported that he spends a lot of time on his computer and talking to a lot of strangers as a way of socialising, some of whom end up trolling and abusing him. His wife also noted that he has continued to be paranoid and that is long standing and does not appear to be going away. He has not been active for a while now and recently has started going to the gym and taking walks to be fit. He tells me about his decision to move away from various litigations he had instituted in the past.

On mental state examination, he was appropriately dressed and kempt. I noted a bit of finger rolling but he did not engage well with the discussion. His mood was subjectively alright and objectively reasonably settled and happy. There is no evidence to suggest any acute illness and no identifiable risk of self-harm or being a risk to other people. He however remains vulnerable due to his involvement with strangers on the social media. He however has good insight into his situation and the need to take treatment and retains capacity to consent on his treatment. I have not made any changes and he can be seen again in 4 months.

Yours sincerely

Dear Sirs

We need to discuss the attachment to this email to determine the source of the materials ultimately for they are causing me severe disruption and loss of peace of mind being a mental patient on 8 medications (risperidone, sertraline 50/100 mg, Depakote, Tamsoulostin Finasteride and atorvastatin) in the morning and two in the evening associated with paranoid schizophrenia and persistent delusional disorder.

I have an appointment on the 22 of May 2025 for a medications review with the Surgery Pharmacist and need to discuss these materials as being the source of my anxieties and distress.

Thank you in advance of a quick reply.

Yours sincerely

Proud of my wife's new initiative to open up the doors of Downing Street to young people from across the country. Improving education is a big reason I entered politics, and I look forward to seeing many more schools here throughout this term.

A few weeks ago, I was helping out with this university event where the Prime Minister and his wife were coming to speak about leadership and civic engagement with the students huge event and totally consumed all of my time. With all the organizing, scheduling with security, and making sure that everything went off without a hitch, I totally fell behind with my school work. Since the event was politically significant, I needed my assignment complete to reflect that. That's when I turned to a dissertation help service. Their team understood the topic deeply and helped me craft a solid submission. Honestly, those assignment writing services were a true lifesaver during one of the busiest moments of my student life.

Dear Dr Uwuseba

Mr Shantanu Panigrahi
NHS Number 628 477 1487 Date of Birth 8 Aug 1957
Primary Address: 3 Hoath Lane, Gillingham, Kent ME8 0SL

Medical Review @ Britton house on the 17th of April, 2025.

It was nice seeing Mr Panigrahi in company of his wife in my clinic today as scheduled. He reported doing reasonably alright in his mental state – ‘I am very much mellowed’. He is eating well and sleeping pattern remains variable. He takes his medications and believes that they are helping to keep him well. He has not reported any serious side effect and is willing to continue with current regimen. He has quit smoking and appears to be less anxious. He also reported that he spends a lot of time on his computer and talking to a lot of strangers as a way of socialising, some of whom end up trolling and abusing him. His wife also noted that he has continued to be paranoid and that is long standing and does not appear to be going away. He has not been active for a while now and recently has started going to the gym and taking walks to be fit. He tells me about his decision to move away from various litigations he had instituted in the past.

On mental state examination, he was appropriately dressed and kempt. I noted a bit of finger rolling but he did not engage well with the discussion. His mood was subjectively alright and objectively reasonably settled and happy. There is no evidence to suggest any acute illness and no identifiable risk of self-harm or being a risk to other people. He however remains vulnerable due to his involvement with strangers on the social media. He however has good insight into his situation and the need to take treatment and retains capacity to consent on his treatment. I have not made any changes and he can be seen again in 4 months.

Yours sincerely

Dear Sirs,

I will try the suggested route in a few minutes but thought it is relevant to consider the following:

Update:

As I was forwarding the email to Kent Police, my Mobile Phone rang from a Private Number twice at 2.46 pm. It might have been the Long Catlis Road Surgery not answering the email sent but put up by the State authorities to terrorise me with a medication review that it has no right to discuss since there are no Consultant Psychiatrists in the Surgery and it was a wicked ploy of Satan-evil proportions to refer me to the Surgery especially in view of the shameful reply of KMPT PALS a few days earlier. All to cover up the State's enormous Hate Crime against me over the past 27 years of State-tyranny that is called persecution. I was suspecting this all along and had made a visit to the Surgery when I did not receive its reply to my email of 2nd May 2025, and then had been forced into a reminder email that covered up the criminal actions of the Court of Central London in association with the Securities Services that had criminally disrupted my Blog posts.

(ab) UK-Ford's refusal to pay compensation for dodgy car with faults and car parts issue in 2023 forcing us to purchase another car (£24,000).

Summary of Claim Amount:

The total amount claimed from United Kingdom Treasury for damages listed above is the tip of the iceberg: with the continued terrorism suffered by the Claimant the monetary value of the compensation Claim cannot be measured, but the Claimant now submits that £1 billion is justified.

What to do if you're worried about a data breach?

This email is intended for MR SHANTANU PANIGRAHI, 0SL

Dear MR PANIGRAHI

Fraud protection

Following the recent news about data breaches at online retailers, we understand you may be concerned about how criminals could use your information.

Generally, the information accessed is not enough, on its own, to let someone else get into your online accounts. It's also not usually enough to open bank accounts in your name or make a payment from, or get in to, your bank accounts.

However, we know from experience, that there can be a risk of criminals using this information for social engineering.

What is social engineering?

Criminals may contact you pretending to be someone or an organisation you trust, such as a retailer, a bank or the police. They may use the information they've got criminally, from a data breach, to persuade you they're genuine. Remember these top tips to protect yourself against fraud.

How can I protect myself?

Don't share any bank details, personal or security information with anyone on any calls, emails or messages, including One Time Passcodes (OTPs).

Don't re-use passwords or PINs with other companies. Sometimes data breaches can include passwords so not re-using them helps avoid this risk.

Your bank or the police will never ask you to move your money to keep it safe. If anyone asks you to do this, it's a scam.

Be very wary of anybody unexpectedly contacting you. Telephone numbers, emails and messages can be faked (this is called 'spoofing') which can look genuine.

Always check who you're speaking to. If you're not sure who's contacting you, a genuine person or company will have no issue with you calling back on a trusted number.

You should report any unusual activity or any concerns of fraud on any of your accounts to your bank straight away.

For more information on how to protect yourself from fraud visit our website.

Your sincerely

The Santander Team

Your security is our priority

Protect yourself against fraud and scams

○

Never share a Santander One Time Passcode (OTP) with another person. Not even a Santander employee.

Final correspondence with the Medical authorities of the National Health Service

On Tuesday 20 May 2025, 7.01 pm, a text message came from Boots to my Mobile Phone as follows: 'READY! Hello Shantanu, your prescription is ready to collect from Boots Gillingham Hempstead Val Sc. If you have any questions, please talk to the pharmacy team in store.'

Comment:

Of course I had questions, I never ordered my usual monthly supply of my medications. Further Risperidone was missing from the last batch of Medications from those given to me on 29 April 2025. So I suspected further foul play to add to the Surgery's notification that a medication review is due at the Surgery on me. But I did not raise the concern to watch what happens between 20th and 23 May 2025.

This morning when no email came from Medway County Court, I drove to Hempstead Valley Shopping Centre and went inside Boots. I showed the text message to the Counter staff as they could not find any medications for me prescribed. I was told that the text message that I received did not come from Boots. I asked about the missing Risperidone of the collection on the 29 April 2025 and was told that it was given to me in a big package. I said to him that I do not see it in the package. And have no risperidone now at home.

I came home and checked on the Mobile Phone to see if there was anything that had come, and saw the Voicemail from the Surgery. I deleted the notification. And decided that evil has to be dealt with by confrontation. I drove to the Long Catlis Road Surgery, and spoke to the receptionist. I first showed her the text message on my Mobile Phone from Boots and explained to them that they had not received this prescription dispensing instruction. I also said that I did not have any risperidone now and there was supposed to have been a medication review so I wondered what was happening. She asked for my date of birth etc and looked up. Said to me that the last instructions that they sent notification to Boots on was in April. The Pharmacist did telephone me she said and she left a Voicemail. I said to her I did not receive anything. I sent a couple of emails and got no reply. I said Can the Surgery order my full batch of medications now effectively as we are going on holiday and I do not wish to run out of my medications. She asked me could the Pharmacist telephone you today. I said 'Yes OK' What time would the Phone call be coming. She said that it is not certain it could be at anytime after 12.00 noon. I said: I would wait for that Call. She agreed and I came home.

Finally ignoring LinkedIn as irrefutable facts have come to light:

The screenshot displays the LinkedIn messaging interface. At the top, there's a blue header with a profile picture, the word 'Messaging', a red notification badge with the number '1', and three icons: a menu, a share icon, and a checkmark. Below this is a search bar labeled 'Search messages' with a magnifying glass icon and a filter icon. The main content area shows a message from 'Ayush Prashar' with the text 'Ayush: Thanks Shantanu' and a timestamp of '8:04 AM'. A blue notification badge with the number '1' is next to the message. Below the message list, there's a section titled 'Accepted invitations' with a close button (X). It shows two invitations: 'Avi Niranjana accepted your invitation to connect.' and 'Vuyelwa Ntozini-Mqela accepted your invitation to connect.', each with a blue arrow icon. At the bottom, there's a yellow banner that says 'Greet your 5 new connections' with an 'Inbox x' button. Below the banner, there's a 'LinkedIn' logo and an 'Unsubscribe' link. The main content area on the right shows a list of 5 new connections. Each connection entry includes a profile picture, the name, a brief description, and buttons for 'Message' and 'View profile'.

The Energy Crisis Unfolding in the United Kingdom
 in Conservative Libertarians-UK

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/the-energy-crisis-unfolding-in-the-united-kingdom>

Households will continue to feel the pressure of high energy prices for gas and electricity in the United Kingdom with the limited resources available from domestic North gas supplies and importation of gas that the Net Zero target with the phasing out of coal in the decades ahead for its high degree of pollution and Climate Change impacts.

More is needed urgently to save energy from the usage of fossil fuels and atomic power into diversifying energy supply to individual households and business institutions across the country.

This morning I have started a petition at 38 Degrees to this end, which I am inviting all who read my websites to consider signing:

The Teacher's Book is a valuable resource for anyone interested in learning more about Islamic research, especially educators. The Hajj and Umrah Guide, which is presented in a few different versions, provides teachers with precise, well-established information suitable for use in the classroom while instructing students about the holy pilgrimages of Islam. It's a fantastic tool for helping college students understand these pilgrimages' significance, customs, and religious meaning.

Despite being 88 years old, Rosemary Stevenson is set on building her own Care home when all attempts to have one built in her village failed to persuade.

This is the kind of news item that TCLP-UK loves reading: a never say die spirit. If there is a need, find a solution.

In order to start a career as a bricklayer professional, you're required to have the physical strength especially in demands of lifting heavy materials, laying bricks, and constructing structures. For a starting bricklaying salary, you can expect around £25,000 per year and will increase with experience and progression. If you wish to pursue as a bricklayer, consider applying for a bricklaying course with The College of Contract Management, which provides CIOB-accredited courses. Through their expertise and comprehensive training, this course will help you obtain industry-recognized qualifications.

 MAKING IT UP AS ONE GOES ALONG

[Edited: 08.00 am (UK-Time), 13 April 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular raison d'être. When one is

living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 380 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatana dharma, that is to say karma in sanatana dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatana dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

Comments:

I just listened to the Voicemail and it was a lady who left the message, saying I was due for my medication review, and that I should ring the Surgery and book another appointment. So it was just the right thing to do to drive to the Surgery and have direct information through proper investigation of the secret operations of the State against me. They change their routines any way they like and seeing that I had three months before my next appointment with Dr Oranusi, they said to themselves that the only way the State can survive intact is by subjecting me to a medication review now so the Monarchical Establishment must have contacted the Long Catlis Road Surgery to impose this 22 May 2025 appointment on me to try and change my medication to something more severe than what I have been on most likely. This would explain why Boots the Chemists were also dragged into the scene with messing about with my medications.

If I had not agreed to an appointment today the State would have got the Surgery to pass me on to whoever referred me to the medication review from a GP Pharmacist in the first instance and possibly further treatments as the State considered necessary.

So I need to keep this document developing in case I am sectioned again, for my Defence or through a Court that the State has options to resolve its problem of not being able to complete E35YM660 nor J00ME572 proceedings to be made a laughing stock of the world.

Let me see if the GP Surgery telephones me at al. now that I have written this in the document that has always been accessible information to the State authorities so it knows what I have written in this document. I do not have to publish the document, but save it for actual proceedings so that I do not leave any wriggle room for the Monarchical Establishment to continue to perpetrate injustice.

So if the GP Pharmacist telephones me and does not take me off medications altogether as the sanest person in the world not just today but the sanest who has ever walked on the surface of the planet Earth, I will respond with proceedings accordingly.

At 1.43 pm my Mobile Phone rang from a Spam Caller dialling from 07904 565357. This is the State authorities representing the Monarchical Establishment attempting to prod me into a reaction. At 2.38 pm my Mobile Phone rang again from 07904 565357; I took it this time because of the 4.00 pm looming and Monday is Bank Holiday Monday. I had to confront anyone to stop the Court(s) passing judgment on the evidence that I had twice not picked up the phone to the Chemical Pharmacist of the Surgery. It was a male person saying that he is the Chemical Pharmacist and phoning to do a medication review. I said OK. So he went through all of the medications on the list one by one and found out that I had not been getting Depakote 250 mg in the evening. He also said instead of taking Risperidone 2 mg in the morning and 2 mg at night, I should only take 4 mg at night. I asked him to send my prescription to Boots so I could pick up the medications tomorrow. He said he would speak to the doctor. It might take a day or two. On procyclidine I said I did not take them. He said you had side effects. I said 'Yes'. What side effects: excessive defaecation, uncontrollable defaecation. The last two Care Plans did not make any mention of the medications that I am supposed to be taking, I said when he referred to some letter from Dr Oranusi. Did I take all my medications regularly. Yes. Does anyone watch you doing so. I said Yes my wife sometimes when she is not busy. Then he said he will send me a

blood test form. It is very important, You get this done. I also need to do your blood pressure and weight soon. He corrected this to December and I said I had it all done by a lady Mental Health nurse a few months ago. The call ended.

Comments:

The madarchods were covering up with the second phone call thinking that I would not pick up the phone as I had not at 1.43 pm, so they instead of the lady nurse who had telephoned me yesterday to do the medication review, they got a man connected onto not a Private Phone as the Surgery staff uses but a crook.

At 3.11 pm a text message came: Dear Mr Panigrahi We would like you to book a blood test. Blood monitoring is essential for the medication that you are prescribed. Blood monitoring is now overdue. Please book an appointment following the link, if you are unable to book via the link please contact the practice to make an appointment. <https://selfbook.mygp.com/e3e4cl1> .

Dear Dr Shah

Have my full batch of medications been sent to Boots the Chemists for me to pick up tomorrow? I refer to the below conversation and my impressions.

At 1.43 pm today my Mobile Phone rang from a Spam Caller dialling from 07904 565357. This is the State authorities representing the Monarchical Establishment attempting to prod me into a reaction. I did not react this time for I had to see out the afternoon in case they were holding the Surgery in reserve to ring me with something that I did not wish to hear.

It was a male person saying that he is the Chemical Pharmacist and phoning to do a medication review. I said OK. So he went through all of the medications on the list one by one and found out that I had not been getting the required Depakote 250 mg in the evening. He said he will change it to what it should be when I told him that I took only 500 mg at in the evening. He also said instead of taking Risperidone 2 mg in the morning and 2 mg at night, I should only take 4 mg at night. I asked him to send my prescription to Boots so I could pick up the medications tomorrow. He said he would speak to the doctor. It might take a day or two. He asked if I took multivitamin tablets. On Finasteride he said you take that for prostate. Yes enlarged prostate but no real side effects. And that Vitamin D would be good in the winter. I said No. should I? Is it available on prescription. He said 'No, it is available over the counter and so not on prescription. On procyclidine I said I did not take them. He said you had side effects. I said 'Yes'. What side effects: excessive defaecation, uncontrollable defaecation. He said he would let Dr Oranusi know that procyclidine is not OK. The last two Care Plans did not make any mention of the medications that I am supposed to be taking, I said when

he referred to some letter from Dr Oranusi. Did I take all my medications regularly. Yes. Does anyone watch you doing so. I said Yes my wife sometimes when she is not busy. [Edited: 08.00 am (UK-Time), 13 April 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 380 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatan dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

Thanks Nji, I have learnt that it is always better to go gently forwards, even if you have very good ideas for society. I am an immigrant to the United Kingdom since the age of 15 (67 now) so learnt the hard way how one can contribute effectively to society. After all what is life for? It cannot just be for eating and existing can it NJI?

Thank you for sharing this Sir. Your words really resonate and there is so much wisdom in learning to move gently yet purposefully. It is inspiring to hear how your journey as an immigrant has shaped your understanding of contribution and impact. I completely agree to this since life must be about more than just existing. It is about finding meaning, sharing ideas, and leaving things a little better than we found them. I look forward to learning more from your perspective.

PRESS RELEASE: NEW INTRODUCTIONS

23 May 2025, 17.17 pm (UK-Time)

Freedom to pursue the dream mission of Movement of Conservative Libertarians (MOCL)

Following the closure of civil and criminal proceedings the outcome of which was the total lack of truth, justice and democracy for civilians within the Law and Order/Judiciary System as experienced by the Founder of the MOCL (linked here: https://archive.org/details/the-milestone-400-th-book-digital_20250514_0602 ; https://archive.org/details/thanks-for-connecting-digital_20250516_2059) the Conservative Libertarian Publications Limited can now proceed to recruit Members within the United Kingdom in the first instance (and globally) to take part in the democratic process; the outstanding legal hurdles being erased through acceptable legal protocols in the complex Constitution of the United (in https://archive.org/details/free-to-chase-the-mission_20250520_1608 ; https://archive.org/details/that-was-nice-digital_20250522_1938).

So let us look forward to a good future through a brand new approach to the organisation of society championed by the Conservative Libertarians. If you wish to find out more, please let me know. Our Membership websites are at:

I named our Mission as the Movement of Conservative Libertarians (MOCL) that has the objective bringing in the ethos of truth, justice and democracy into the world within nations and across nations. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

Hello Student, how are you doing at Reading?

19.16 pm (UK-Time) 23 May 2025

This was Friday and there was total silence which is always ominous so to force proceedings on fresh charges to be formulated against me for I have no prospects of getting blood out of stone, I published this book in Internet Archive and in The Allurement of Reality in Review Shop to the introduction of: 'Zilch: trying to get water out of stone'.

You wrote: 'Great information sharing...I am very happy to read this article. Thanks for giving us go through info. Fantastic nice. I appreciate this post Gamcore.'

1. Excuse me, but under my blogpost:

<https://www.knowledgeassessmentanddissemination.com/forum/questions-answers/making-it-up-as-one-goes-along> you wrote: 'Great information sharing...I am very happy to read this article. Thanks for giving us go through info. Fantastic nice. I appreciate this post Gamcore.

2. I replied: to you: 'Oh hi there, how are you doing?'

3. You did not answer the question.

4. Then I noted:

The screenshot displays a CRM interface for a contact named 'info dopebox'. At the top, there's a profile card with a purple circular icon containing a white 'i', the name 'info dopebox', and a subtext 'Assign to Your Team'. To the right are buttons for 'More Actions' and 'Send Message'. Below the profile card, contact details are listed: 'Primary email' as 'infodopebox@gmail.com' (marked 'NEVER SUBSCRIBED') and 'Primary phone' with an 'Add Phone' link. A navigation bar includes tabs for 'Overview' (selected), 'Inbox', 'Notes', 'Subscriptions', 'Invoices', and 'Events'. The main content area is divided into three sections: 'Tasks & reminders' (To-Do) with an 'Add Task' button and a description; 'Activity Log' showing two events: 'Became a site member' and 'Contact was created via member sign-up', both dated 'May 23, 2025, 8:47 PM'; and 'Purchase stats' (Last 30 days) showing 'Purchases: 0' and 'Total amount: £0.00'. A 'Labels' section with an 'Assign Label' link is at the bottom right.

5. So it is clear that you have terrorised me this evening acting on your or on behalf of someone else.

Yours truly

Updated this book in Internet Archive and in The Allurement of Reality in Review Shop to the introduction of: 'Closer again', so that the ball is once again back in the Court's court, or should I say the State authorities court. They have to make a judgment and take a decision now whether to approve my mission, pay me damages and compensation or both; or charge me with an offence taking all my publications into account.

 MAKING IT UP AS ONE GOES ALONG

[Edited: 08.00 am (UK-Time), 13 April 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 380 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications

would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatan dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

Establishing one's Rights
 in General Discussion

<https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/establishing-one-s-rights>

What are rights?- Freedom is a right: any form of regulation is an infringement on that right. The freedom to be who we are naturally endowed to be, genetically. A libertarian. A Conservative Libertarian ensures that everyone's freedoms are assured, including that of birds, bees, flowers, trees, seas, oceans and soils. We touch nothing unnecessarily.

Rights have to be ascertained within the Constitution of the State that one lives in through proactive determination of what the provisions are. No consultation with a lawyer will be fruitful

in this regard. With the truth-path as one's guide, one needs to explore what one can get away with as possession is nine-tenths of the law.
